EARTH COLLECTION

SEMI-MATTE FINISH · SLIGHTLY UNDULATED SURFACE

The Earth Collection is a unique combination of a sophisticated yet rustic tile, a semi-matte crackled glaze and an updated color palette. The hand-molded surface and the options of a smooth, textured or raised pattern surface add to its uniqueness and appeal. Beautiful 15x15 cm. dimensional inserts and the finishing touches from crown moldings to baseboards allows each installation to be detailed and tailored to fit the most impeccable taste. Design options abound and you will be thrilled with its aesthetic and functional contribution to bathrooms, showers, kitchens and more. The style, components and soothing color palette makes this a choice for Contemporary, Rustic and Traditional styling.

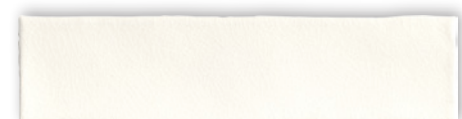

Due to the nature of our tile, a certain amount of variation in color, shading, surface and texture are to be expected.
