**+10** different planks per design  
NATURAL VARIETY

Livanti

**No groove**

Livanti planks are not bevelled for a continuous floor surface without grooves.

LV161067

**No grooves, but still groovy**

You want to experience a strong yet smooth floor? Livanti is the only 8 mm collection in the Balterio range that doesn't have V-grooves, for a continuous – and dust resistant – floor surface in both classic and modern interiors.

**Finish with complementary accessories**
