4-sided natural V-groove

No straight running grooves. Traditions is all about natural irregularity: rough-cut bevels create the optical effect of a slightly open joint, even though the planks fit perfectly.

Variation in texture and gloss on multiple levels

The embossing process accentuates natural wood grains, cracks and (dead or living) knots on multiple levels. Wire brushing opens up the grains, while the different textures and gloss levels, from matte to silky, highlight the cracks in depth and knots on top.

**Traditions,
perfectly imperfect**

Nature's perfectly imperfect and so is a Traditions floor. It not only varies in planks and wood patterns, it also has a wide variety of depth textures and gloss finishes. The rough-cut bevels make it even more lifelike.
