# brickworks

Il muro di mattoni rappresenta il simbolo di un'intera estetica, nata dal recupero degli edifici storici dei centri urbani. Un'icona che oggi, reinterpretata in gres porcellanato, diventa un formidabile strumento di interior design, versatile e creativo, per rivestimenti interni ed esterni. La scelta di uno stile propenso alla contaminazione, che conferisce ad ambienti domestici e contesti pubblici un fascino genuinamente metropolitano.

Brick walls have become a symbol of a trend resulting from the regeneration of old buildings in urban areas. Now, porcelain stoneware gives a new twist to this icon. Brickworks is the range of brick effect tiles that creates stylish indoor and outdoor walls that add a metropolitan touch to any space.

Le mur de briques représente le symbole d'une esthétique absolue, née de la réhabilitation des bâtiments historiques des centres urbains. Aujourd'hui revisitée en grès cérame, cette icône devient un formidable outil de design d'intérieur, polyvalent et créatif, destiné aux revêtements intérieurs et extérieurs. Elle représente le choix d'un style ouvert aux influences, qui donne aux espaces domestiques et publics un charme naturellement métropolitain.

Die Backsteinmauer ist das Symbol einer Ästhetik, die aus der Restaurierung historischer Gebäude in Stadtzentren hervorgegangen ist. Heute hat sie einen ikonischen Charakter angenommen und wird, in Feinsteinzeug neu interpretiert, zu einem beeindruckenden, vielseitigen und kreativen Werkzeug für die Innenarchitektur und für Wandverkleidungen im Innen- und Außenbereich. Sie steht für die Wahl eines zur Kontamination neigenden Stils, der häuslichen und öffentlichen Umgebungen einen wahren großstädtischen Charme verleiht.
