* In the production of this sophisticated type of product, technically known as ‘interlocking graphics’, we guarantee graphic continuity among the different pieces with an alignment tolerance of up to a maximum of ± 1.5 mm. In order to minimize any potential graphic deviation between the different pieces, a minimum joint of 3 mm is recommended, as required by the current UNI EN regulations.

Nella produzione di questa sofisticata tipologia di prodotto, nota tecnicamente come “grafica ad incastro”, garantiamo una continuità grafica tra i diversi pezzi con una tolleranza di disallineamento fino ad un massimo di ± 1,5 mm. Per minimizzare l’eventuale scostamento grafico tra i diversi pezzi, è consigliata una fuga minima di 3 mm, come previsto dalla normativa vigente UNI
