Precious Beauty

Silver Grey travertino is a precious natural stone in which the blend of grey, silver and ivory adds elegance and character to any design project. Excellent to enhance the beauty of interior and exterior designs, Silver Grey travertino marble expresses modernity and the most refined today's tastes, a beautiful and durable stone, the main character of any design. Silver Grey travertino may be used for both interior and exterior design: kitchen and bathroom tops, flooring and elegant staircases, columns and pools, fountains, splendid mosaics, facings and any kind and decorative elements.
