The ordered classicism of the City of Light. Inspired by the interiors of 19th-century Haussmann buildings in Paris, this collection captures geometric rigor and chromatic elegance in a timeless yet contemporary way. A collection with an urban soul, designed to integrate into projects that demand structured sophistication. Haussmann reflects Metropol at its most refined: metropolitan, conscious, and architecturally inspired.

El clasicismo ordenado de la ciudad de la luz. Inspirada en el interior de los edificios Haussmann del París del siglo XIX, esta colección captura el rigor geométrico y la elegancia del color de una forma atemporal y actualizada. Una colección con alma urbana, diseñada para integrarse en proyectos que requieren sofisticación estructurada. Haussmann representa a Metropol en su vertiente más refinada: metropolitana, consciente y con mirada arquitectónica.

Le classicisme ordonné de la Ville Lumière. Inspirée des intérieurs des immeubles Haussmanniens du Paris du XIXe siècle, cette collection saisit la rigueur géométrique et l'élégance chromatique avec une approche intemporelle et contemporaine. Une collection à l'âme urbaine, conçue pour s'intégrer dans des projets exigeant une sophistication structurée. Haussmann incarne la facette la plus raffinée de Metropol : métropolitaine, consciente et tournée vers l'architecture.

Der geordnete Klassizismus der Stadt des Lichts. Inspiriert von den Innenräumen der Haussmann-Gebäude des 19. Jahrhunderts in Paris, fängt diese Kollektion geometrische Strenge und farbliche Eleganz auf zeitlose und dennoch moderne Weise ein. Eine Kollektion mit urbaner Seele, entwickelt für Projekte, die strukturierte Raffinesse verlangen. Haussmann repräsentiert Metropol in seiner edelsten Form: urban, bewusst und architektonisch geprägt.
